

DOUG BENSON

Doug Benson may be a weed smoker but he gets things done. He is currently starring in the Comedy Central series *The High Court*. He has a documentary called *Super High Me*, based on a joke from his standup act, and two more called *The Greatest Movie Ever Rolled* and *Chronic-Con*. You may remember Doug from when he was a series regular on VH-1's *Best Week Ever*. He holds the record for most guest appearances on Comedy Central's *@midnight*. He has two *Comedy Central Presents* half-hour specials and a one-hour special on Netflix called *Doug Dynasty*. He's had recurring roles on Netflix's *Trailer Park Boys* and FXX's *You're the Worst*.

If that's not enough for you, Doug was a creator/writer/star of *The Marijuana-Logues*, a show that was a hit (small pun intended) in clubs and theatres from Los Angeles to New York – and drew a bongload of rave reviews. There's a CD, also called *The Marijuana-Logues*, and a book, *The Marijuana-Logues: Everything About Pot That We Could Remember*. Doug has several solo CD's out, most recently *Promotional Tool*, a web series on YouTube called *Getting Doug with High* and the hit iTunes podcast *Doug Loves Movies*. You can also hear him yap through movies with his comedian friends in the live show *The Benson Movie Interruption*. Talk about a productive pothead!
