“You need not be chemically altered to enjoy Benson’s ganja-fueled conversations with funny friends like Sarah Silverman and Aubrey Plaza.”

– **Entertainment Weekly** on *Getting Doug with High*

“Don’t let Benson’s glassy-eyed Sativa haze fool you: The affable stoner’s ever-ready to disgorge his mind of its many factoids, and his quick wit turns even contestants’ dull answers into opportunities to earn giggles.”

– **Rolling Stone** on *Doug Loves Movies*

“Turns out, other people getting stoned, talking about their ‘high history,’ and rambling on about things like *Aladdin* on Broadway is really, really funny.”

– **GQ** on *Getting Doug with High*

“Benson has established himself as the pre-eminent pot comedian...Contrary to the stereotype of a lazy pot smoker, Benson has to be one of the hardest-working, most prolific professionals in the industry.”

– **Yahoo News**

“One of the funniest podcasts of the year.”

– **Splitsider** on *Getting Doug with High*

“*Getting Doug with High* has him serving as a cannabis-crazed Charlie Rose, shrouded in a cloud of goofiness and the occasional magic trick. The recent stage versions of the series have added another level of insanity...Highbrow comedy for the munchies scene.”

– **LA Weekly** on *Getting Doug with High*

“As often as not, these days when someone stops me it’s to say how much they love playing ‘The Leonard Maltin Game’ on Doug Benson’s popular Doug Loves Movies podcast.”

– **Leonard Maltin**

“If you must watch a Nicolas Sparks tearjerker, do it with funnyman Doug Benson and his posse of comedians cracking wise during the onscreen action...Fans of *Mystery Science Theatre 3000* can rejoice. This is where bad movies go to become hilariously good.”

– **Los Angeles Magazine** on *The Benson Movie Interruption*

“With the heavy-lidded Benson at center stage firing off-the-cuff one-liners at comics such as Patton Oswalt and Nick Swardson as they perform their set, the resulting comedy mashups are often as wild and rewarding as watching two jazz musicians riff off each other.”

– **LA Times** on *The Benson Interruption*

“If you love comedy and you love movies (not to mention if you share Benson’s other enthusiasm), what are you waiting for?”

– **Entertainment Weekly** on *Doug Loves Movies*

“He’s made interrupting an art, and a damn funny one in his show ‘The Benson Interruption.’”

– **LA Weekly**

“Like a one-man Cheech & Chong, L.A. comic, relentless podcaster and ‘Best Week Ever’ veteran Doug Benson has captured the attention of English-speaking stoners around the globe.”

– **The Denver Post**

“To some, Doug Benson is just another stoner comedian. To other’s, he’s a classic overachiever. A stand-up comic, playwright, book author, TV show guest and political activist, Benson seems more speed freak than pot head.”
